UNLIMITED PALETTE

The flexible medium of concrete offers unlimited color control. Use muted earth tones, flaming reds or icy blues to enhance your interior design theme.

UNLIMITED POSSIBILITIES

Backsplashes, integrated drainboards, tile, decorative stone, inlays and sinks of any material and shape can be incorporated in your concrete design. Let us bring your boldest imaginings into reality.

Swatches above represent only a small sample of unlimited color palette

UNLIMITED POTENTIAL

Specializing in countertops and custom sinks, CIF uses the fluid medium of concrete to meet all your interior design ambitions. From detailed metal and stone inlays to surprising textural appearances, discover for yourself the unlimited potential of this amazing material.

Concrete is the most widely used structural building material in the world. Artistically applied and professionally installed, these unique handcrafted appointments can enhance your home decor in ways you may have never thought possible.
